APPENDIX

UNION LIST OF U. S. S. R. NEWSPAPERS, 1947-1952, RECEIVED BY THE LIBRARY OF CONGRESS AND OTHER AMERICAN RESEARCH LIBRARIES

Newspaper titles are arranged alphabetically. The transliterated title is followed by its translation in English and name of the city in which it is published. Library of Congress holdings are given in full. The number in parentheses after a date refers to the issue of the newspaper. Absence of numbers or dates after a year indicates that the Library has all issues for that year. The letter "w" (wanting) appearing in the holdings indicates that specified issues are lacking in given runs. Symbols of other libraries show that they have issues of the newspaper for the period 1947-1952 in their collections, but no attempt has been made to give specific holdings of libraries other than the Library of Congress, since a comprehensive union list of post-Revolution newspapers is scheduled to be released by the Library of Congress in the near future.
